Dear Harold: Why don't you take on someone your size, e.g. the Kremlin. You beat the Washington bureaucracy but in Moscow I'll bet you'd be in the body hotels where I couldn't afford to go visit you as, now that spring has sprung, H. + I intend to grab the first available time to do ~~it~~ in Md, USA. Hugs to the Sweet Lily from us. Oh, yes; and regards to Curletti, Shea, etc. We enjoy the headaches you give them.

Joe
